

### REMARKS

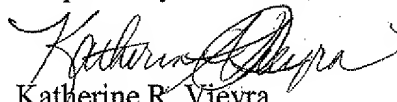

Applicant thanks the Examiner for allowing claims 11-26 and issuing a Notice of Allowability. However, the Notice contains clerical errors in clean claim 20. Applicant respectfully requests that the amendment submitted herewith to claim 20 be entered to correct these clerical errors. Specifically, the clean claim 20 attached to the Notice inadvertently omits the limitation "wherein said performance evaluation is used to modify the architecture design of the LSI" and amends "data traffic" to "data transfer". Applicant amends claim 20 herein to add the above limitation and to recite "data traffic" instead of "data transfer".

The Examiner has been advised telephonically of the error and instructed the undersigned to submit this amendment.

This amendment does not raise any new issues and does not affect the allowability of the claims.

In conclusion, the Applicant respectfully requests the Examiner to enter the amendment to the claims, specifically to claim 20. If the Examiner believes a telephone conference might expedite the entrance of this amendment, the Applicant respectfully requests that the Examiner call the undersigned, Applicant's attorney, at the telephone number listed below.

Respectfully submitted,

Katherine R. Vieyra
